How about \$500 and you can have one of my girls for a few hours? Shit, you can even have my girl if you want to do a striaght up trade. She knows how to work it right. Holler at me.

If you are not in to that, I can trade you for a set of rims for your car. Just find the rims you want and they are yours. Any size, any car, any time. Holler at me.

You want some weed, or blow? You name it, I can get it. If you ain't in to that, I guess I can offer you \$700. Come up off that TV dawg. Just tell me where you live and we can do this. Holler at me.
